PRATEEK PANDEY

Frontend Developer | React.js Developer

+91-8299288764 — pandeyprateek6268@gmail.com

Prayagraj, Uttar Pradesh

LinkedIn — GitHub

Summary

Frontend Developer with hands-on experience in building responsive web applications using React.js, JavaScript, HTML5, CSS3, and modern UI/UX principles. Completed frontend and full-stack internships while developing real-world projects focused on performance, usability, and responsive design. Passionate about creating scalable, user-centric web applications and continuously improving software development skills.

Technical Skills

Languages:	C++, JavaScript (ES6+), Python
Frontend:	React.js, HTML5, CSS3, Responsive Web Design, REST API Integration
Tools:	Git, GitHub, VS Code, Figma, Excel, Google Sheets
Core Concepts:	Object-Oriented Programming (OOP), UI/UX Design, Problem Solving, Version Control

Experience

Frontend Developer Intern **Jun 2026 – Sep 2026**

Mint AI (Remote)

- Developed responsive and user-friendly web interfaces using **React.js, HTML5, CSS3, and JavaScript**.
- Built reusable frontend components and collaborated on integrating REST APIs into the application.
- Optimized website responsiveness, cross-browser compatibility, and overall user experience using modern frontend development practices.
- Utilized **Git** and **GitHub** for version control, collaboration, and project management.

Full Stack Developer Intern **Jun 2026 – Jul 2026**

CodSoft (Remote)

- Developed responsive web applications using **React.js, HTML5, CSS3, JavaScript, and MongoDB**.
- Implemented interactive user interfaces and supported frontend-backend integration for dynamic web applications.
- Debugged, tested, and maintained code while following clean coding practices and collaborative workflows.

Projects

Personal Portfolio Website **2026**

React.js — JavaScript — HTML5 — CSS3 — Framer Motion — Git — Vercel

- Designed and developed a fully responsive personal portfolio showcasing projects, internships, technical skills, and certifications.
- Implemented reusable React components, smooth animations using Framer Motion, and mobile-first responsive layouts.
- Optimized website performance, accessibility, and deployed the application using Vercel with GitHub version control.

AI Interview Trainer **2026**

React.js — JavaScript — HTML5 — CSS3

- Built an AI-powered interview preparation platform featuring responsive layouts and an intuitive user interface.
- Developed reusable React components and optimized frontend rendering for improved performance and user experience.
- Designed interactive interview workflows focusing on usability, accessibility, and clean UI design.

Elite Global Website **2026**

React.js — JavaScript — HTML5 — CSS3 — Git — Vercel

- Developed a responsive corporate website with modern UI, service pages, contact forms, and mobile-first design principles.
- Created reusable frontend components and optimized layouts for seamless performance across multiple devices and browsers.
- Managed source code using Git/GitHub and deployed the website on Vercel for production use.

Education

United University, Prayagraj **2023 – 2027**
Bachelor of Technology (Computer Science Engineering - AI & ML) *CGPA: 7.3/10*

YMCA Centenary School and College **2023**
Class XII (CBSE) *78%*

IPEM International School and College **2021**
Class X (ICSE) *87%*

Certifications

- **Full Stack Web Development** — Udemy
- **UI/UX Design using Figma** — Udemy
